DETAILED ACTION

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The applicant has amended the claims to incorporate the limitations from originally filed claim 3. Specifically, the applicant's instant claim 1 now requires the viscous shear-thinning paste to have a specific yields stress. Previous amendments incorporated the claim limitation requiring the operation to include choppers rotating at specific rates. The combination of these two limitations has been found to be allowable.
2. The applicant's response provides a more detailed description of the term 'chopper' and the distinction between a chopper and a blade mixer. The applicant's specific rheological requirements defining the binder is not taught in the prior art. Nor would it have been obvious to have specifically selected this rheological property in a system requiring specific mixing conditions, specific mixing operations such as chopping, for this system of creating particles of the applicant's claimed required size.
3. As such, claims 1, 4, 6-10 have been found to be allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gregory E. Webb whose telephone number is 703-305-4945. The examiner can normally be reached on 9:00-17:30 (m-f).
